

Do an international MBA

Give your career an edge with international management education from Jaro Education and United Business Institute, Belgium

How would an International MBA help me get fast career growth in India and abroad?

An International MBA program is designed to provide you knowledge of domestic as well as international management subjects, insight in international business culture and an environment which would give confidence to secure a good managerial job in India as well as overseas. Multinational companies in India prefer executives with knowledge and insight of the international business culture and environment

In the MBA program offered by United Business Institutes, Belgium, Europe they provide live/recorded lectures, international case-studies and online discussions which enhance your analytical skills and make you understand how to solve complex business problems, thus providing a competitive edge to your career and growth.

In this program, at limited cities, they also offer guest lectures from senior industry experts who cater to the needs of working executives as these experts share their industry experiences which indeed is the need of students and working professionals in today's ever growing and fast changing business environment. During guest lectures or live/recorded sessions you get business knowledge from CEOs and an opportunity to interact with executives from different industries, functions and having diverse background and professions.

Would a Virtual Classroom Facility (VCF) be effective in grooming students?

Through VCF, the institution provides live/recorded lectures which can be attended at a convenient time from home or office in any part of India. The main advantage of VCF is that a student or executive can gain knowledge and skills without any time or geographical barriers. The course enabled with VCF is specifically designed for working professionals, housewives, businessmen and others who cannot attend classroom sessions. This creates infinite potential for learning and development. In USA, the

How is an International MBA better than a General MBA?

International MBA (1 year) through Distance Learning has seven international subjects out of a total of 15 subjects whereas generally domestic MBA has only 2 to 3 international subjects.

International MBA provides exposure to international topics, accounting practices, laws, culture, business environment and aspects of international relations.

International faculty teach a few international subjects, thereby giving global exposure to students without leaving India. These are subjects which are commonly taught in the US, UK and Australia.

Jaro Education has joined hands with United Business Institute, Belgium, Europe to provide international management education which enhances the student's chances for an excellent international career and job.
