CHARTING SUCCESS

Classroom and Online dual coaching ensures better success for Bank PO/Clerical and other job entrance exams

In India, on an average 2.5 to 3 crore candidates appear for various Job entrance exams like Bank P.O., Bank Clerical, Railways, MPSC, UPSC and many other exams every year for vacancies available in various sectors. Jobs in government sector are highly popular because of the security of job associated with them, where people employed have an opportunity for steady career growth and honour. Nowadays, along with government sectors, private sector companies also conduct their own entrance exams to recruit people. Different Jobs from different sectors require specific skill sets. Each Job Entrance Exam has different rating or evaluation criteria. Hence, it becomes necessary for a job aspirant to prepare with focus on a specific job entrance exam to achieve better success.

Understanding this need of job exam preparation program, **Jaro Education** has developed 'Route2Jobs', which provides online coaching for various job entrance exams like Bank P.O./Clerical, LIC/GIC, Railways, MPSC, and other exams along with adequate career opportunity guidance.

Route2Jobs offers:

- Classroom & also Online Lectures, Practice Tests & Model tests for sure success
- Summarized study material (e-content)
- Online GD/Personal Interview sessions

Why is Route2Jobs better than any other test-prep classes?

Route2Jobs ensures better success than any other test-prep classes because:

- **Better Learning & Revision:** Every lecture can be attended multiple times for better understanding and learning. Even one day prior to exam a student can re-attend the required lectures.
- **Achieve 100% success:** By attending online lectures, Practice Tests & Model tests multiple times
- **Time saving:** You can learn from home or college or anywhere at your own convenient time.

- **Avoid late evening classes:** Women in rural areas can study from home
- **Self-paced learning module:** You can set your own speed for studies.
- **Pause allowed:** For unavoidable interruptions, you can pause the lecture or test.
- **Tricks and easy ways out:** Provided for all topics for better speed & easy remembering

Are you trying to replace traditional coaching classes?

No. We are supplementing classroom coaching through our online lectures & tests for 100% success.

For eg. A student undergoing normal coaching class cannot attend the lectures or tests multiple times for revision because in a coaching class once a lecture is over, it's over forever. There is no chance for re-attending it whereas with Route2Jobs, you can re-attend online lectures as well as practice tests on three occasions.

Are your fees economical?

Yes. Our fee is very economical. We don't just stop at online, but also have the availability of a classroom facility for further benefit of the students, at just Rs.4900. However, if a student enrolls to any other classroom coaching and wants only our online coaching, he can get this support at a very nominal rate of Rs. 2900.

Can a student attend free session to understand the quality of lectures and tests?

Yes. Free demo-lecture & tests are provided on the website which can be attended to understand the quality of coaching.
